Scaling Loads in Quincy

Again, we have had a driver not scale a load in Quincy before leaving town. This can be a very expensive situation that is completely preventable. So again, we need to remind all drivers picking up a load in Quincy there are several places to scale these loads before leaving town.

1-There is a scale at Sharkey's terminal.

2-If you are on the North Side of town - near Sisbro Terminal, ADM Animal Nutrition has a full platform scale,
From Sisbro: 36TH ST TO LOCUST WEST ON LOCUST TO 30TH ST GO SOUTH 1 BLK, GUARD SHACK ON LEFT.

3-If you are on the South Side of town near the caves or the 57 Drop lot JM Huber has a scale
From the 57-drop lot: N on HWY 57 TURN L AT STOP LIGHT ON TO RADIO RD GO DOWN 1.5 BLOCKS ON LEFT

After Scaling if you have any issues with your weights - contact your Fleet manager immediately - Thank You.
